This shows a new room with the BEAVER BOARD being nailed to the studding. The work is easily and rapidly done, without the litter and confusion of lath and plaster.

This shows how the room looks when finished. It suggests but one of very many artistic schemes of design and decoration possible with BEAVER BOARD walls and ceilings.

USE BEAVER BOARD for the walls and ceilings of your new or remodeled building. It costs less than lath and plaster, lumber or metal; is more quickly and easily put up; is durable, sanitary and artistic.

It will not crack, chip or deteriorate with age; it deadens sound; keeps out heat and cold; retards fire, and resists strains or vibrations.

Call and let us show you a room finished in Beaver Board.

## PREFACE

---

Population United States Census 1910. . . . . 15,895

---

GREENSBORO, GUILFORD COUNTY, NORTH CAROLINA, in population is certainly second, if not first, in the State.

Greensboro is two miles square and fully one-third of its inhabitants live outside the corporate limits.

In May, 1913, a police census showed 19,246 inhabitants within the limits, three-year increase 3,351 or 21 per cent.—equivalent to 70 per cent. increase in ten years.

At this rate of increase Greensboro has more than 21,000 in the city and undoubtedly more than 10,000 immediately outside, served by street cars at five-cent fare.

Many of its finest residence districts are outside the city, in addition to which there are fifteen factories, employing more than 5,000 people, also outside.

Greensboro is located on the main line of the Southern railway, 288 miles south of Washington and 361 miles north of Atlanta. Railroads radiate in six directions, making it a splendid distribution point. This fact doubtless accounts in part for the fact that several hundred traveling salesmen, estimated by some as 800, make their headquarters here; and the further fact that so many diversified factories and jobbing houses are located here. This also doubtless accounts for the fact that it is frequently referred to as the "Gate City."

Greensboro is a delightful home city, splendid people, glorious all-the-year climate, its extremes of heat and cold would be called "mild" in most other cities, churches and schools that compare favorably with other cities of its class, while within a radius of twenty-five miles are located a number of the South's best known time tried preparatory schools.

Greensboro is governed by a commission of three men, who devote their entire time to the work; city owns its

water works; a garbage disposal plant; many miles of splendid paved streets, \$250,000 worth now under construction; an opera house seating 1,250, and a market house devoted exclusively to the sale of meats. For sanitary reasons all meats are sold from two markets, in which many dealers have stalls which are under constant city inspection and supervision.

The country surrounding Greensboro is a delight to the eye, and 150 miles of improved roads leading from Greensboro in every direction afford autoists a great choice of splendid roads and an ever-changing panorama of pleasing scenery.

One of the most delightful trips to be found anywhere is the fifteen-mile drive to High Point, our splendid sister city, located in Guilford County, larger by far than any second city in any county in the State and larger than the largest city in more than ninety counties in the State.

## City Directory Don'ts

**DON'T** put your Directory in an out of the way place, but keep it in a place that your customers can see and use it without stopping some ONE to find it.

**DON'T** think that a Directory is paying for itself unless you use it more than an idle clerk can make you money.

**DON'T** look mad when a customer asks to look at your Directory.

**DON'T** look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow again and if all were borrowers, when would the next Directory be published?

**DON'T** forget that an up-to-date city must have a Directory and a merchant that has no DIRECTORY is what?

**DON'T** forget that a Directory borrower to-day will forget to return it to-morrow and you call him what?

**DON'T** forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

---

When a man advertises his business it is conclusive that he is not ashamed of it, especially if he does his advertising in the Raleigh City Directory.

## Statements that are not Questioned.

The City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers Guide on earth. A modern up to date method of getting what you want. Polk.

THROUGHOUT NORTH CAROLINA IT IS

## Greensboro News

is the most popular Newspaper in the State. Many  
are good enough to write the editor that the

## Greensboro News

is easily the best Newspaper in North Carolina.  
Whether this is so or not, for some reason the

## Greensboro News

has grown in circulation in the last few years from a  
mere handful to more than an average of 12,000. In  
the city of Greensboro and immediate sections the  
circulation of the NEWS is

## More Than Double That of Any Other Paper

All the merchants of Greensboro use the NEWS as  
an advertising medium. Even the picture shows  
have long since adopted the NEWS as their means of  
making known the merits of their offerings—this,  
too, in the face of the fact the picture shows can use  
slides on the curtain without cost to them.
